ONCOLOGY

Practical Perspectives on Rapid Change in Endometrial and Cervical Cancer Management

Exploring Innovative Therapy in Gynecologic Malignancies

Activity Overview

Have one of our experts lead a live meeting at your institution, or turn-key virtual meeting, and learn about recent advances in management of patients with endometrial and cervical cancers. Hear best practices for diagnosing patients accurately and how to best address therapeutic needs by eschewing more conventional options in favor of newer approaches, such as novel targeted, immunotherapeutic, and antibody-based strategies.

3 Key Reasons to Request a Meeting:

1. Get current information on newer immune, targeted, and antibody-based therapeutics in gynecologic cancers.
2. Learn about ongoing clinical trials with the potential to lead to additional regulatory approvals.
3. Hear the practical aspects of managing patients with advanced endometrial and cervical cancers.

Learning Objectives

Upon completion of this activity, participants will be able to:

- Summarize the current treatment role of novel therapeutics, including in conjunction with modern molecular diagnostic testing, in gynecologic cancers
- Describe updated evidence on new and emerging strategies, including targeted, immune checkpoint inhibitor, antibody-based, and combination therapies, in different patient populations with gynecologic cancers
- Integrate approved and emerging options in the management of endometrial and cervical cancer, including in the context of clinical trials, based on disease characteristics and latest recommendations
- Discuss the spectrum of unique safety considerations with novel targeted, antibody-based, and immunotherapy regimens in patients with gynecologic cancers

Chair

Linda R. Duska, MD, MPH

Target Audience

This activity has been designed to meet the educational needs of oncologists and other clinicians involved in the management of gynecologic cancers.

Providershship, Credit & Support

Physician Continuing Medical Education: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Medical Learning Institute, Inc. and PVI, PeerView Institute for Medical Education. The Medical Learning Institute, Inc. is accredited by the ACCME to provide continuing medical education for physicians.

The Medical Learning Institute, Inc. designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

MOC Statement:  Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 1.0 MOC points and patient safety MOC credit in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Participation information will be shared with ABIM through the ACCME's Program and Activity Reporting System (PARS). Blinded individual or aggregated participant data may be shared with the funder of the activity.

This CME/MOC activity is jointly provided by Medical Learning Institute, Inc. and PVI, PeerView Institute for Medical Education.

This activity is supported by educational grants from Eisai Inc., GlaxoSmithKline, and Merck & Co., Inc.
